

**B.S. IN PUBLIC ACCOUNTING and BUSINESS MANAGEMENT & FINANCE CHECKLIST (June 2012)— Code =127**

**This Program is Certified by the State Education Dept for Students Interested in Becoming CPAs**

In addition to the requirements below, accounting majors must satisfy all other Brooklyn College requirements for graduation (e.g., Core, Speech 3, etc.). ACCT 4501W is a writing-intensive ("W") course. Note the new requirements effective Fall 2010: You must earn a grade of C or better in all ACCT courses. Otherwise, you cannot graduate with an accounting degree. No accounting course may be taken more than 3 times by an accounting major. Students taking a specific accounting course 3 times without achieving a grade of C or better (this includes INC, W, WN, WU, WF, and ABS grades), may not take that course again and will not be permitted to major in accounting at Brooklyn College.

This double major will satisfy the 150-credit requirement to receive the CPA license. Accounting majors should also consider an internship (a p/t or f/t job in accounting is even more valuable). If you are interested in an internship, please go to the Magner Center for Career Development and Internships in 1305 James.

Please speak to an Accounting Program advisor to learn about the new changes to take the CPA examination. You do not need to complete 150 credits to take the CPA exam; however, you do have to complete certain courses and 120 credits. You will need the 150 credits plus one year of work experience under a CPA to become *licensed* as a CPA in New York State. This program has been certified by the State Education Dept.

**I. Accounting (You must take all courses in this category)**

\_\_\_ ACCT 2001 [1]: Introductory Accounting (4 cr) -- No Prerequisite

\_\_\_ ACCT 3001 [2]: Intro. Managerial Accounting (3 cr) -- Prereq: Accounting 2001 with a grade of C or higher
