Faculty Day

The Twelfth Annual Faculty Day affords an opportunity to pause from business as usual in order to recognize and celebrate the accomplishments of the Brooklyn College faculty. The day features a multidisciplinary conference—including symposia, a luncheon, poster sessions, roundtable discussions, and a faculty talent show—culminating in an awards ceremony and reception. At the conference, colleagues share their scholarly work and academic concerns with each other and their students. The talent show allows faculty to share their avocational accomplishments. At the awards ceremony, individual members of the faculty are acknowledged for achievements in teaching, research, and service.

Faculty Day emerged out of a desire to develop a sense of community and to improve the quality of intellectual and social life on campus. It offers a unique occasion to engage in dialogue about our academic activities with colleagues from diverse disciplines as well as an opportunity to formally recognize our work. We invite you to participate in Faculty Day and contribute to Brooklyn College's professional vitality.
